REVEAL SECRET OF ENGAGEMENT BY CLEVER VERSE

**Miss Ida Potter To Become
Bride Of Jesse Flower;
Friends Told At Party**

One of the most novel and enjoyable of Glendale's recent social affairs took place on Wednesday night of this week when Mrs. M. L. Potter of 903 East Harvard street entertained a group of young people at her home in honor of her daughter, Miss Ida Potter, whose engagement to Jesse Flower of this city was announced during the evening. About twenty-five of the popular couples' friends attended the gay affair, which was conducted as a surprise event to all of them.

The early part of the evening was spent in dancing, the unsuspecting guests being entirely unaware of the treat that was in store for them. During this time the dance music was furnished by a splendid three-piece orchestra.

Promptly at 11 o'clock the merry-makers were summoned to the dining room, where they were to enjoy a course of delicious refreshments in the form of a buffet lunch. Prior to this, however, each guest was requested to gather around the large dining table, upon which was an artistically arranged collection of red and white carnations. Extending out from this appropriate center-piece were a number of small red ribbons, each one bearing the name of one of those present.

Engagement Revealed
At a given signal each one pulled his respective ribbon from the bevy of flowers, which revealed a group of dainty hand painted heart-shaped cards, with clever verses telling of the announcement inscribed upon them. The ribbons designated for the bride and groom-to-be were both attached to a pair of uniquely constructed arrow piercing them.

The verses, which were written by Miss Potter's friend, Mrs. Sadie (Continued on Page 15)

Miss Ramharter Weds J. Clarence Klammer

The home of Mr. and Mrs. J. A. Cooper, 607 North Isabel street, was the scene of a very pretty wedding, which took place last night when Miss Hermine Ramharter, sister of Mrs. Cooper, was united in marriage to J. Clarence Klammer, son of Mr. and Mrs. John Klammer of 1235 East Broadway. Reverend C. R. Norton officiated at the ceremony.

The house was very beautifully decorated in pink and green, with a profusion of flowers everywhere. The bride was attired in a gown of white silk crepe. She was attended by her sister, Alma Ramharter, George Klammer, brother of the bridegroom, acted as best man.

Following the wedding, which was a ring ceremony, a wedding supper was served to the relatives of Mr. and Mrs. Klammer, who had witnessed the ceremony.

Mr. Klammer has built a pretty bungalow at 905 East Colorado street where the young couple will be at home to their friends after a honeymoon trip to San Diego. Mr. Klammer is one of the young business men of this city, being a jeweler and optician with office on East Broadway.

Mrs. Pierson Hanning Hears Of Flood Loss

Mrs. Pierson Hanning of 235 North Orange street is in receipt of a letter from her husband, who left Glendale for Hutchinson, Kan., on June 20, telling of his safe arrival in that city after a rather perilous journey. Mr. Hanning reports that the conditions of the roads in the region of the recently flooded area are the worst in their entire history, and that it will take from two to three years for them to be returned to their former state of perfection.

In one instance he relates that the train traveling just in front of the one on which he and his son, Clifton, were riding, was derailed while going across the Arkansas river and a number of people killed in the resulting accident. Such mishaps as this, he says, are quite frequent occurrences now, due to the rough conditions of the railroads left by the floods.

Mr. Hanning states that his mother, who had been reported to be in a serious condition, is greatly improved and is able to be up once more. He will return to Glendale about July 18.

MRS. H. BARRICK HERE

Mrs. H. Barrick of Winslow, Arizona, is spending the summer as the guest of her sister, Mrs. C. H. Thompson of 348 West Milford street.

Postoffice Petition Filed At Washington By Attorney Evans

The following telegram has been received by Dr. Henry Harrower, chairman of the postoffice committee of the Glendale Chamber of Commerce from Attorney W. E. Evans, who is now in Washington:

"Petition for postoffice presented to Postmaster-General Hays and his first assistant today by Lineberger and myself. Most courteous hearing given with assurance that matter will receive every consideration."

"W. E. EVANS."
Glendale is now on the official map of the U. S. postoffice, having today received a cancellation stamp with the word "Glendale" embossed thereon. Heretofore the Glendale postoffice stamp has merely been as a branch of Los Angeles. The new stamp will cancel at the rate of 6000 letters an hour.

Marguerite Thompson Given Surprise Party

The friends of Miss Marguerite Thompson, fellow employees in the office of the Harrower Laboratory, and others, gave her a surprise last night at the home of Miss Grace F. Town, 328 North Maryland avenue.

Miss Thompson has arranged to take a Bible Workers' Training course in the fall at Pacific Union college, a Seventh-day Adventist institution. Her friends decided they would like to help furnish her room at the college and so planned the party. To find her gifts Miss Thompson was told to follow the winding pathway marked by a long twine string. Among other things she found a beautiful double blanket, a bed spread and a pillow. The affair was a complete surprise and more than delighted the guest of honor.

Those participating in the party were Mrs. Bots and Miss J. Pearl Bots of Eagle Rock, Mrs. Schultz, Mrs. Mabel Barker, Mrs. Acherman, Mrs. Augustine, Mrs. Dickson, Miss Hendrickson, Miss Lydia Schmidt, Miss Edith Travis, Miss Beulah Codwallader, Miss Dorothea Roach, Miss Jeffers, Miss Julia Starr, Miss Genevieve Follow, Miss Mabel Cutler, Miss Ethel Mondon, Miss Lois Painter, Miss Lottie Skilton, Miss Anna Ellen Kimlin, Miss Velda Adams and Miss Knoxon, all of Glendale.

Fight Bulletins Will Be Given By The News

Bulletins on the Carpentier-Dempsey fight at Atlantic City tomorrow will be given by The Glendale Evening News as fast as the news is flashed from the ringside by the United Press.

In addition to this bulletin service, The Glendale Evening News will carry a running story of the championship scrap. Of course, there will be a crowd present at this office to learn the latest first.

According to schedule, the first round should be reported about 11:30 o'clock, as the announcer at Atlantic City will climb into the ring at 3 o'clock or 11 o'clock here. With the usual preliminaries and ovals for the principals, the going should start about 11:20.

Be present at The Glendale Evening News for the results.

Mrs. William Gibson Entertains For Club

The members of the Wednesday club were guests Wednesday at the home of Mrs. William Gibson, 314 East Windsor Road. Vari-colored roses were used for floral decorations. After a very delicious luncheon the remainder of the afternoon was devoted to needlework.

Guests present included Mrs. Henry Clotworthy, Mrs. Charles Sanders, Mrs. G. D. Roach, Miss Clara Ringert, Mrs. Charles Freshman of Los Angeles, Mrs. Albert Muhleman, Mrs. J. F. Hearnshaw, Mrs. Frank Hester, Mrs. William Nash, Mrs. Herbert Reed of Long Beach and the hostess, Mrs. Gibson. The next meeting of the club will be held at Bixby Park, Long Beach, at which time Mrs. Reed of that city will be hostess.

Mrs. L. F. Kirri Goes On Visit To North

Mrs. L. F. Kirri of 427 North Maryland avenue, accompanied by her sister, Mrs. C. C. Baldrige of Hollywood, left on Tuesday night for San Francisco, where they will spend a month visiting friends and relatives living in that section of the state. The trip was made by boat, they having left from Los Angeles harbor.

Mrs. Baldrige will be remembered by her many Glendale friends as Miss Ivy Mills. She resided in this city for a number of years, having graduated from the local high school in 1919.

MEMBERS OF FIRST CITY COUNCIL UNDER GLENDALE'S CHARTER

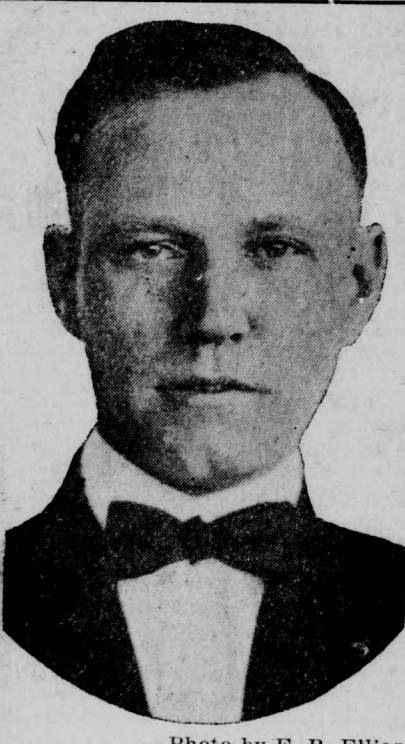

S. A. Davis

From the feed and fuel business to real estate and now to the city council is the record of S. A. Davis of 118 West Colorado street, who is 46 years of age. Active and progressive in business endeavors he holds the high esteem of the people in his precinct. He is highly interested in the development of western and southern sections of Glendale. He has been a resident of the city for about nine years.

C. E. Kimlin

Giving Glendale the experience of a successful business administration in the affairs of the Glendale Sanitarium and Hospital, C. E. Kimlin takes up his first official duties next Tuesday night after a brief vacation. He is 40 years of age and resides at 219 North Isabel street, a rapidly developing section of the city. Perhaps no keener person on finances could have been named to the city council. He has been a resident of the city for about eight years.

D. W. Stephenson

What Dwight Stephenson lacks in years—he being only 28—he has made up in experience while serving as capable president of the board of trustees this passing term. Practicing law is his profession in Los Angeles and serving Glendale is his avocation. His home is at 327 West Cypress street. Whenever speeches are to be made Mr. Stephenson is sure to be "among those present" with appropriate words. He takes much interest in the American Legion.

Spencer Robinson

The dean of the new city council will be Spencer Robinson with 52 years to his credit. Being a member of the board of trustees and selling real estate keeps him busy and when he isn't busy Mr. Robinson is singing. From the splendid vote cast for him last Tuesday—for he headed the list in votes received by the council candidates—it is evident that he is popular everywhere in town. His home is at 1234 East Windsor road.

A. H. Lapham

A. H. Lapham is the friend of the boys who fought for the swimming pool. Although 40 years old, he likes to see the kiddies have a good time. During office hours he is employed in the mechanical superintendent's office of the Santa Fe in Los Angeles. Mr. Lapham was appointed to the board of trustees first and his representation of the west side undoubtedly gained for him the winning votes in Tuesday's election. He resides at 415 West Broadway.

Ada Somerset, Former Teacher Here, Is Dead After Sudden Illness

Miss Ada Somerset, who was principal of the Adventist school on North Isabel street during the years 1918 and 1919, died very suddenly last Friday in Los Angeles. Miss Somerset was with her sister, Miss Georgia Somerset, standing in line in a cafeteria, when she suddenly dropped to the floor as in a faint and when efforts were made to revive her it was discovered that she was dead.

Professor H. G. Lucas of Glendale was in charge and preached the funeral sermon. J. J. Nethary, president of the Southeastern California Conference, and Prof. W. W. Ruble, educational secretary of the Pacific Union Conference, were present at the services to pay their tribute to the character and labors of the deceased.

After leaving Glendale Miss Somerset accepted the position of superintendent of church schools in the Southeastern California Conference with headquarters in Riverside. At the time of her death she had just returned from teaching in the summer school at Pacific Union college. She had been suffering from high blood pressure for some time but was so engrossed in her work that she could not take proper care of her health. She was a woman of splendid character and leaves many friends in Glendale and elsewhere who will miss her.

Laurence C. Rowe Is Married; War Romance

Friends of Laurence C. Rowe, son of Mr. and Mrs. G. H. Rowe of 216 South Orange street will be surprised to learn of his marriage June 27 to Miss Elizabeth Pitts of San Francisco. Mr. Rowe was graduated from Glendale Union High school in 1917. He was in the United States service during the war. While at Letterman's hospital in San Francisco he became acquainted with Miss Pitts, who, with her mother, visited the hospital and brought flowers and gifts to the boys there. Miss Pitts had been spending the summer in the mountains 125 miles from San Francisco and came to Chico, where the wedding ceremony was performed.

After a short honeymoon Mr. and Mrs. L. C. Rowe will be at home in San Francisco, where Mr. Rowe is taking vocational training under the government with the Southern Pacific.

Mrs. Harriet Hopkins Dinner Party Hostess

Mrs. Harriet Hopkins will entertain at a dinner party tonight at the home of her parents, Mr. and Mrs. R. H. Wells of 404 West Broadway, in honor of Mr. and Mrs. Ralph Goeller of Los Angeles. Mrs. Goeller was formerly Miss Alice Long. She came to Los Angeles two months ago from Colorado and was just recently married. Pink roses will be used for decorations.

MAN LOCKED IN REFRIGERATOR SMOTHERS TO DEATH

CHICAGO, July 1.—Burglars today locked Mayer Seelig, a butcher, in his refrigerator after looting the cash register and then set fire to the store. The flames were extinguished. Firemen found the body of Seelig, who had suffocated to death.

DESCAMPS PREDICTS CARPENTIER TO WIN IN 5 ROUNDS

NEW YORK, July 1.—Georges Carpentier will knock Jack Dempsey out in five rounds tomorrow, his manager, Francois Descamps, told Promoter Tex Rickard today. The prophecy was made when Descamps called on the promoter for a final conference.

TAKE RESPONSIBILITY FOR HOLDING DOWN EXPENSES

WASHINGTON, July 1.—President Harding and Charles G. Dawes, budget director, today assumed personal responsibility for holding down government expenditures. Under plans announced by Dawes no official, large or small, can spend more money than has been allotted him without obtaining consent of Dawes and then of Harding.

FAIR WEATHER FOR DEMPSEY-CARPENTIER CONTEST

WASHINGTON, July 1.—Fair weather for the Dempsey-Carpentier battle at Jersey City was predicted by the weather bureau today. The seat sale for the big fight shortly before noon today reached the total of \$1,250,000. Rain was pouring in Jersey City early this afternoon. Workmen clad in yellow oilskins were busy stenciling numbers on the seats. A tarpaulin rigged like a tent covered the ring.

EXPRESS MESSENGER IS SHOT IN ATTEMPTED HOLD UP

COVINGTON, Ind., July 1.—Two bandits shot and wounded an express messenger in an attempt to hold up the night express on the Peoria and eastern division of the Big Four between Covington and Veedersburg early today. Frank J. Beckman, forty-five, the messenger tried to fight the men away when they forced an entrance to his car. The wounds were severe and Beckman was unable to tell the details of the robbery. The bandits obtained seven valueless remittance drafts.

MEXICAN PETROLEUM DROPS BELOW PAR ON MARKET

NEW YORK, July 1.—Mexican Petroleum quickly dropped below par here today. The reaction which set in yesterday with announcement of proposed tariffs on foreign oils was again in evidence. Mexican Petroleum was ¼ up again on opening at 101¼, but almost immediately reacted 3 points to 98¼, the low of Thursday. Pan American "B" made a record low at 37, off 1½. General Asphalt in the early trading, got below 49. Rails and specialties were strong later in the session. A better feeling toward carriers appeared to prevail. Among specialties were United States Realty, up 3 at 50½; New York Dock, up more than 2 to 33 and Virginia-Carolina preferred up 5½ at 59. Improvement in steel stocks was due to a belief in Wall Street that a general readjustment downward of prices and wages will be announced in the next week or two.

Present Board Of City Trustees Has Its Final Meeting

Final regular meeting of the present Board of City Trustees was held at the city hall last night with all members present excepting Trustee Henry.

Election returns were canvassed and the figures corresponded with those published in The Evening News. Just before adjournment, Dwight W. Stephenson, president of the board, expressed his pleasure at being permitted to continue to serve the city in company with two of the members of the present board. He also said that it had been a pleasure to serve with the two members who are retiring and he expressed the wish that their friendship might continue for a long time.

Trustee Bartlett, one of the retiring members, expressed her appreciation of President Stephenson's remarks and declared her service for the city had been a pleasant one.

The present Board of City Trustees will meet again Monday in an adjourned session to pass the payroll. Then, on Tuesday night at 8 o'clock, the new City Council, as it is called under the charter, will hold its first meeting.

Fox-Woodsum Concern Buys Kent Lumber Co.

The consummation of one of the most important business transfers of Glendale, in some time comes in the announcement of the sale of the Kent Lumber & Supply company, Harvard and San Fernando Road, to the Fox-Woodsum company of this city.

Roy L. Kent, the former owner, has sold the entire equipment and stock of the supply company and will hereafter devote his entire time to his building and real estate business. In fact, Mr. Kent started the supply company more as a supplement to his contracting business, than with the idea of establishing an independent concern. However, the new concern has grown to such proportions that Mr. Kent was unable to give it the necessary attention. The fact that the property was advantageously situated on a spur track in the heart of the industrial district was one of the prime factors leading up to the purchase.

The Fox-Woodsum Lumber company is one of the largest lumber dealers in Los Angeles county, having branch yards in most of the cities of southern California.

The home of the local branch is situated at 714 East California avenue. The new purchasers state that they are unable to say at the present time just what plans they have in view for the future development of this property. At present they are using the yards for storage and warehouse purposes and will be open for business at a later date.

COMES HERE FROM PERRIS

P. O. Spittler, 309 Oak street, has recently arrived from Perris, Calif., where he was engaged in the hardware business.

At the meeting of the board of city trustees last night, James Conners, resident of the annexed territory, appeared to announce the result of the election. He was applauded when he gave the figures to the city authorities.

PERMIT NOT NEEDED
TO CONDUCT AUTO
CAMP, RULING

President Stephenson Of
Trustees Suggests Law
Be Drawn For City

The city of Glendale has no ordi-
nance regulating the installation or
conducting of a camping ground for
automobile parties.

This was reported at the meeting
of the Board of City Trustees last
night by Hartley Shaw, city attor-
ney, when the matter of acting on a
request from Earl Welch for an auto
camping ground permit was under
consideration. He is establishing a
camping ground at ground owned by
him at 920 East Palmer avenue.

In view of the fact the city has no
ordinance, he was informed a permit
was not necessary, the trustees hav-
ing no jurisdiction. The camp, Mr.
Welch explained, will be subject to
the police and sanitary regulations
of the city. He proposes, he stated,
to make a large investment, provided
he is assured his project receives sup-
port.

Communication Is Read

The matter was brought before the
board in the following communica-
tion from T. W. Watson, city man-
ager:

"In regard to application of Earl
Welch for a permit to establish an
automobile camping ground for au-
tomobile tourists on four acres of
land owned by him at 920 East Pal-
mer avenue, which was referred to
us, the 23d instant for investigation
and report:

"Having had some previous cor-
respondence with W. R. Reynolds of
800 East Palmer avenue in regard
to this matter, we wrote Mr. Rey-
nolds with reference thereto as fol-
lows:

"Referring again to the matter of
erecting and maintaining tents and
the occupying of the same for resi-
dential purposes of which we wrote
you the 22d instant in response to
your inquiry of a day or two previ-
ous in regard to tents being erected
and used for such purposes on prop-
erty adjoining your property on Hill
street south of Palmer avenue:

"Information Is Sought
"Earl Welch, who owns the prop-
erty you referred to and who permit-
ted the erection of tents you referred
to on his premises, appeared before
the Board of Trustees Thursday eve-
ning, the 23d instant, making appli-
cation to establish an auto camping
ground for auto tourists on the four
acres of land owned by him at 920
East Palmer avenue. This matter
was referred to city manager to as-
certain the sentiment of other prop-
erty holders in that vicinity in regard
thereto. We are therefore calling
your attention to the matter so that
as an interested property holder you
may look into it and inform the
board as to whether or not you
would be in favor of Mr. Welch's
proposition. It might be well for
you to discuss the matter with some
of your neighbors and arrange to be
present at the next regular meeting
of the Board of Trustees which will
be held next Thursday evening."

"We understand that Mr. Rey-
nolds will be present this evening
and that he desires to discuss this
matter with your board."

Protests Placed on File

Mr. Reynolds and a number of res-
idents in the district were present.
Mr. Reynolds filed with the city
clerk two protests against the pro-
ject. He said they contained the
names of about ninety per cent of the
adjoining residents.

The protests set forth that they
objected to the installation of the
camp because it would be "unsani-
tary," visited by people whose "char-
acters were unknown," and that ad-
joining property values would be
"depreciated."

Attorney Owen C. Emery, repre-
senting Mr. Welch, pointed out that
the city is without a camping ground,
that the proposed location is 200 feet
away from the nearest residence,
that it would be of big benefit to the
business interests of the city, that
all police and sanitary rules would
be observed and that Mr. Welch is
prepared to make a heavy invest-
ment if given assurance he will not
lose it by legislation.

Noticing Secretary James Rhoades
of the Chamber of Commerce in the
audience, Dwight W. Stephenson,
president of the board, asked him
how the directors of the organization
stood on the matter.

Secretary Rhoades declared that
they favored a properly-conducted
auto camping ground.

Ordinance Suggested

President Stephenson stated that,
without considering the merits of
the proposition proposed by Mr.
Welch, he believed that a camping
ground was a necessity, judging by
the experiences of other communi-
ties. He declared, however, that he
was in favor of having the city attor-
ney draft an ordinance that would
regulate such a ground.

"At the present time, the city is
without an ordinance, hence Mr.
Welch does not have to get our per-
mission to use his property as he
sees fit," said President Stephenson.
"Of course, if he maintains a ground,
he must observe police and sanitary

Milady Is Shorn Of Aigrets By Lady Astor

LONDON.—Only ostrich plumes
will be worn by London society wom-
en after the impending enactment of
a law prohibiting the importation of
plumage.

The result is largely due to the
energy with which Lady Nancy Astor
has fought on behalf of the bill in
the House of Commons. In the cam-
paign to ban the plumage of ospreys,
sigrets and humming birds, she has
been backed by Queen Mary, the
Duchess of Bedford, Hamilton, Port-
land, Rutland and Somerset, Lady
Diana Cooper and Lady Cunard.

Don't put off till tomorrow what
you have already put off from the
day before—or else do.

Crossing Border Line Is Easy For Two Lads

SAN DIEGO—Two Mexican boys,
Joe Sanchez, 14, and John Revis, 15,
are in the city jail waiting deporta-
tion to Mexico.

The two boys had been "spending
a vacation" about La Jolla for sev-
eral days, sleeping in the open and
getting their meals from charitable
people there. The end came when
Police Officer Moore found them and
inquired how they got across the bor-
der.

"Walked across, of course," was
the answer.
They were brought here and
locked up pending deportation by the
federal immigration department.

BOYS IN CAMP AT PINE FLATS ARE ENJOYING LIFE

Something Doing Every Hour
At Y. M. C. A. Outing, Is
Unanimous Report

Glowing reports are being received
from the boys in attendance at the
first section of the County Y. M. C.
A. camp at Pine Flats in the North
Fork of the San Gabriel canyon.

The program provides for some-
thing doing every waking minute. An
indoor-outdoor baseball game be-
tween the leaders and a picked team
began a series of base and basketball
contests. A two-mile hike to the
top of the divide was followed two
days later by a ten-mile jaunt to the
top of Mt. Islip and back by Crystal
Lake in time for the regular after-
noon dip. This trip took the fel-
lows past the historic landmarks of
Indian Head Rock and Castle Rock.

These shorter rambles are only
muscle stretchers for the real trip of
two days, next Friday and Saturday,
when with blankets and grub packed
on their backs the fellows will ex-
plore Rock Creek and the myster-
ious Devil's Panhandle.

Treasure Hunt Is Held

Last Saturday, a treasure hunt
taxed the woodcraft and trail finding
ability of the participants.

Sunday was spent in devotional
services, quiet games and the presen-
tation of Bible stories in pantomime,
closing with an unusually interesting
camp fire service participated in by
a number of the fellows.

Dr. Clark is giving every fellow
who cares to take it, a physical ex-
amination, and writes, "I never re-
alized the opportunities for good an
outing like this affords."

The cats are unanimously and en-
thusiastically pronounced "Jake."
One fellow was able to worm down
only eleven pancakes last Friday
morning. The wood-sawing contest
immediately following breakfast
counteracted any serious effects and
provided wood for the rest of camp.

Few Registrations Open

The first section breaks camp
Tuesday next, July 5, and will be
followed by the second section on the
6. Only a few more registrations
from each community are open.
Boys or parents desiring information
should see C. W. Ingledue or R. F.
Kitterman.

An ideal outing, under the most
wholesome conditions at a minimum
cost.

"There's a time in each year
Every fellow holds dear
It's the good old camping time."

Tom Mix Feature Of Palace Grand Program

Tom Mix, noted William Fox star,
will ride into town today from his
plant at Mixville, near Silver Lake,
with another breezy western picture.
He will be seen at the Palace Grand
theatre in "Hands Off," an adapta-
tion of the famous novel by William
McLeon Raine which was directed
by George E. Marshall.

Needless to say, being a Mix pic-
ture, it is replete with action. Prob-
ably one of the biggest things Mix
has done, it took more than two
months to film the thrilling incidents
so vividly narrated in written story.
Among the big scenes is a stampede
of a herd of wild horses, staged with
real western realism.

In the path of this onrushing herd
is a four-year-old youngster, snatch-
ed up just in time by the intrepid
Mix and lifted to safety on his sad-
dle horn. This is said to be a mo-
ment of suspense rarely found or
dared in shadowland drama.
Throughout the picture Mix will have
ample opportunity to prove again his
prowess with lariat and trusty "six,"
and a distinct novelty will be added
in a comedy role interpreted by Mix's
favorite horse, who is seen in a series
of unusual close-ups.

Mix will be seen as a cowpuncher
and a Texas Ranger. His leading
woman is Pauline Curley, a sixteen-
year-old beauty whose talent has
been demonstrated in various big
screen successes.

The latest news views and a Bray
pictograph round out the bill. Max
Linder in "Seven Years' Bad Luck,"
a Robertson-Cole production, will be
Saturday's feature.

Bathing Costume Now Chicago Street Style

CHICAGO, July 1.—Chicago has
gone back to Eden. The style today
in women's dress is—no dress at all.
Bathing suits have taken the place
of swishing diaphanous skirts.

Many women, in the Wilson ave-
nue, Hyde Park and Jackson Park
districts, within a radius of three
miles of bathing beaches, do their
errands and visiting in one-piece
splashing costumes during these
sweltering days.

It's nothing at all to see the Mack
Sennett girls of everyday life loop-
ing Chicago's loop in elevated trains
and surface cars. Some wear bath-
robes. Some don't.

The wild waves didn't put the idea
in the minds of the girls, say the
plain blunt men who have had mid-
summer zip added to their dull lives.
Most of the suits have never been
immersed, they say.

"I'm going to undress for dinner,"
is quite a usual expression around
the household these days.

Eating in restaurants, and good
ones at that, often is done in bath-
ing suits. To make it more clubby
many husbands twist themselves into
bathing suits to have dinner with
their wives.

CHIEF WORRY

The pastor was interrogating the
pride of the family.

"And do you always say your
prayers before you go to bed?"

"Yes, sir," replied Johnnie.

"And what are the things that you
pray for?" pursued the good man.

"Well," responded Johnnie,
thoughtfully, "mostly that pa won't
find out what I've been doin' during
the day!"

BABY GRANDS

What a mark of refinement is the Artistic Baby
Grand in the modern home! Heretofore the floor
space needed, coupled with the added cost, has
limited the proud owners of Baby Grands to a few
of ample means and large homes, but thanks to the
ingenuity of the great family of piano builders, "Behr
Bros." have perfected the smallest perfect grand piano in
the world without sacrificing any of the true grand tone
qualities; in fact the "Behr Bros." can be placed in any
corner that will accommodate the ordinary upright piano.

Modern manufacturing facilities and our improved method of distribution
places this exclusive musical instrument within the reach of the most modest
income, in fact no more expensive than the upright piano of moderate price
and on terms to suit the convenience of the purchaser.

A liberal allowance for your "old" piano. See this remarkable instrument at
our warerooms and learn of its tonal qualities by comparison with the "old
time" larger pianos.

Experience and Knowledge

—Banking is an old business and its history is worthy of study—and yet it is new in the sense that banking practice today embraces far more than it did even ten years ago. Banking has become ever more and more closely bound into the fabric of our commercial, industrial and home life. —The banker has always needed broad experience and knowledge of business affairs, but today his experience and knowledge are all-important, not only to himself but also to his clients. Business has become a world affair. No purely local considerations may now safely determine any business policy. —This institution offers its clients the full advantages of the wide knowledge and information which it possesses.

Progress

The Progress of Glendale has been phenomenal. From 2500 it has grown to a city of 20,000 in a period of eleven years, and the influx of population and building permits are greater now than ever before.

It is easily possible that Glendale will be a second Brooklyn, or at least a suburban city of a hundred thousand.

However, should Glendale but double her size in the next ten years, business property would be a most excellent investment.

It is our business to plan and erect business blocks, and all other large construction work, and should you wish to consider such an investment an interview would be to mutual advantage.

We are splendidly equipped to handle all types of heavy construction—such as stores, factories, hotels, office structures, public buildings, etc.

TOTAL COST OF WAR TO ITALY FOUND BY ESTIMATES

Statisticians Figure Great
Sum And Then Admit Is
Below Complete One

By HENRY WOOD

United Press Staff Correspondent
ROME—Italian statisticians have just arrived at the total cost of the war to Italy.

The figure is placed at 67,600,000,000 lire, although this is admittedly far below the complete cost.

The figure was arrived at by finding the difference between the expenditures of the Italian Ministry of War and the Ministry of Marine for the period beginning August 1, 1914, and ending December 31, 1920, and the expenditures of the two ministries for the preceding corresponding period of peace conditions.

During this peace period the two ministries spent a total of 6,600,000,000 lire while the total expenditures for the war period mentioned above were 74,300,000,000 lire.

It's Still Lacking

According to Italian statisticians, however, the difference of 67,600,000,000 lire still lacks about twenty per cent of what the war cost Italy, because, in addition to the money actually spent for war material, the maintenance of the army and navy, other derivative expenses have been thrown onto the government such as the war pensions and assistance to the families of the mobilized.

With this additional 20 per cent added to the actual war expenses, the total cost of the war to Italy would therefore reach approximately 81,000,000,000 lire.

As a consequence of this war expenditure, Italy's war indebtedness, as just compiled by the state statisticians, reaches about 62,000,000,000 lire. Of this total, about 41,500,000,000 consists of internal obligations and the remaining 20,500,000,000 in foreign debts. The former costs Italy in interest 2,200,000,000 lire annually, while the foreign war debt costs about 2,200,000,000 lire annually.

Fat? Married? You're Honest, Asserts Expert

By HAROLD D. JACOBS

United Press Staff Correspondent
NEW YORK, July 1.—If Diogenes were still running around with a lantern looking for an honest man he would find among these classifications:

Fat.
Married.
Or hot tempered.

This statement was made today by an authority, William B. Joyce, president of the National Surety company, whose business is to insure men's honesty.

Joyce's concern furnishes bonds for employees in positions of trust and, he pointed out, "if it were not for the fact that most persons are inherently honest we could not continue in business."

"Married men, because of the responsibility of their family, are more honest than bachelors in the ratio of about six to one," Joyce said. "Fat men are naturally of a more contented disposition and are less liable to prey on society."

"Hot-tempered men usually find an outlet for their harmful impulses in unrestrained language and rarely take what don't belong to them."

As regards races Joyce placed the Chinese first in honesty, with Anglo-Saxons next. Women, he said, are apparently superior to men from the standpoint of honesty, seldom stealing unless prompted by love or actual poverty.

Asserts Big Railroads Demand 'Decent Dress'

CHICAGO, July 1.—Female Casey Joneses who work in Chicago railroad offices were given a verbal spanking by L. R. Troll, vice president of the American railway bureau. Said Troll:

"Most of the big railroads have ordered their girl employees to leave their cabaret dresses hanging in the closets and not on their shoulders when they come to work."

"Web stockings and hose rolled below the knee are barred."

"Dress of girls has caused more inefficiency than any other agency in railroad offices."

"How do you expect a man to correctly balance a column when he has one eye on the figures in the ledgers and the other on the figures of the girl office help?"

"It's well that women do not work in train dispatchers' offices. There would be many wrecks."

"We don't ask them to dress like fugitives from insane asylums, but we do demand decent dress."

THE NEW RECIPE

Lady—"You say your father was injured in an explosion? How did it happen?"

Child—"Well, mother says it was too much yeast, but father says it was too little sugar."

It's no disgrace to be poor—but it just as well might be.

Nash prices will be reduced, effective July 2.

This conforms to our statement made last October that Nash prices would be maintained until at least July 1, 1921.

The reasons were plain. Until manufacturing costs were lower we could not cut price without cutting value, as Nash prices were not inflated.

We pointed out then that while the average rise in the price of motor cars for a four-year period had been 76 per cent the price of Nash cars had been raised but 31 per cent.

This 31 per cent included the addition of cord tires as standard equipment and many other additions and refinements which added materially to the value of Nash cars.

So we re-affirmed our fixed intention of rigidly upholding the high quality of Nash cars.

Vocational Training Is Growing, Report Shows

SACRAMENTO, Cal., June 22.—But few people, according to Elmer L. Shirrell, district vocational training officer of the United States government, have any idea of the magnitude of the vocational training system, of the number of men being taken care of regularly by the board, or of the money spent in giving them a chance to get training in some line that will insure them that, although wounded, they will be able to face life with confidence.

During the past month, according to Shirrell, \$555,000 was paid out to disabled veterans in the Twelfth District alone, which comprises the states of California, Arizona and Nevada.

Five thousand men are being taken care of by the Board, 226 of them residing in the Sacramento valley. A farm course is being given to a number of wounded veterans at Davis Farm school and at the Riverside Farm school, while a special farm district school is being conducted in the Imperial valley. Federal Board trainees are at practically every college and special training school in the state, Shirrell said. In addition hundreds of other disabled veterans are receiving extra pay while they are "breaking in" in some trade or profession.

Owl Jury Receiving Briefs From Children

WASHINGTON, D. C.—The "Owl Jury," appointed by "Judge" Harding, is getting briefs from all over the country. The briefs are being filed with the American Forestry association and are all under consideration by the members of the John Burroughs club, which called upon President Harding recently and told him how the club had observed forest protection week.

The question of wild life protection came up and the president asked the youngsters what they would do with the birds such as owls which are found on the White House grounds, that prey upon some other birds. They had no answer ready for this so the president appointed the children a jury to make an investigation and report back to him.

One letter from a child in Wilmington, Del., received by the American Forestry association, said:

"Wilmington, Del.
"From Dora De Ascanis to President Harding:

"I am very sorry to let you know that owls are very bad luck and that they bring bad luck wherever they go, so send them away soon as you can. Best love from Dora."

"I am yours, Dora De Ascanis, 516 Rodman street. I am 11 years old

PASSPORT NUISANCE CAUSING TROUBLE FOR TRAVELERS

**Plenty Of Grief Is Assured
To Those Seeking Trips
In Foreign Countries**

By CLYDE A. BEALS
Written for the United Press
LONDON—If there is anything that will bring out the latent foreign vocabularies of an American in Europe, it is the passport nuisance. There are now twenty-three countries, excluding Russia, to be encountered.

Belgium has recently taken the lead in doing away with the visum for allied nationals. Prior to this step she was charging Americans \$10, which many other countries are still doing in retaliation for the American visum charge.

It is almost as if each state required passports vised and charged ten dollars for each, except that the foreign traveler would be getting more for his money. With the present exchange in Austria and Hungary it costs more for the passport fee for a two or three-day sojourn than the rest of the expense of the trip.

This Is Only Half

From Vienna I wanted to go to Budapest over Easter. The Hungarian visa cost 7750 kronen, and 500 more for the privilege of returning to Vienna. The visa charge was nominally ten dollars, but as always happens, the exchange dropped, so that it actually was about twelve. Then the fare on the boat, an all-day trip on the Danube, was seven hundred kronen. And that visa is good for only one trip. If one wants to go back a week or so later the same 7750 kronen is exacted.

But that is only half the fun. Before one can register at a hotel in Hungary one must register with the police. Then the police must be visited again for permission to leave the country. In Austria the traveler is allowed three days in which to register, but must likewise obtain permission to leave. Even in Italy, where one would think that thousands of years' experience in government would have taught them better, the same regulations exist.

Proves Irritating

And, the tourist himself is supposed to divine all these nuisances. In Rome the American consul has been thoughtful enough to have notices posted in the hotels where Americans are likely to stay. In other places an American blandly boards a train and then is pulled off at the frontier. Then is when the vocabulary comes out strongest.

In Italy, where in point of holidays the old song about "Every Day'll be Sunday Bye and Bye" almost comes true, the passport nuisance is, because of the laziness of the officials, particularly irritating. The traveler must register with the police in each city. If he is pressed for time, which an American always is, he does not enjoy delaying his sightseeing to make a first trip and deposit a slip bearing the usual expurgated parts of his life history, then have to come back in an hour or so, and then wait another half-hour to complete his registration. Then it takes a day to get the passports prepared for leaving.

Just Wanted to Rent

I was in Ventimiglia, near the French border on the Riviera, arriving there on May 1 in spite of the muddled-up train services. I wanted to leave Monday morning, but because Sunday had been Labor Day, the police bureau had taken a vacation from Saturday noon to Monday noon. Then after my trouble, the Italian guard on the border where I walked across didn't even bother to look at me, let alone my passport.

If the vocabulary of the prospective American traveler is insufficient to meet the passport officials, he will find it comforting to know this in several languages:—

"I didn't want to buy your darned country, I just wanted to rent it for a couple of days."

'The Land Of Jazz' At Glendale Theatre

Eileen Percy, pretty William Fox star, will be at the Palace Grand theatre today in the latest Fox picture, "The Land of Jazz." This picture is of the rapid-fire comedy type, and is said to be the best story in which Miss Percy has appeared.

"The Land of Jazz" has some merry scenes on an island where a Dr. Carruthers is studying mental diseases. One of his patients believes himself to be the greatest shimmy dancer in the world, and he does the dance so fascinatingly that he turns the whole place into a wiggling mass of humanity.

Miss Percy takes the part of a rich orphan who is trying to get Dr. Carruthers to "make up" with her chum. She does her work so well that the doctor persuades her to marry him.

While Miss Percy will make you giggle in glee, Monty Banks comes in a wild comedy should cause long and loud laughs. Other pictures and a snappy organ program are combined for a pleasing program.

Power Of Press For Peace Told By Chief Of Japan Association

SAN FRANCISCO, July 1.—Future peace among nations lies largely in the hands of the press, Hosio Mitsunaga, president of the Nippon Dempo Tsushin Sha, the leading press association of the orient, declared in an interview with the United Press.

"We of Japan believe in the league of nations," Mitsunaga declared, "but I believe before the league of nations we should first have a league of newspapers representing all nations which would pave the way for world peace."

"Newspapers are the greatest influence for peace. There should be connections established among the press of the world whereby opinions and thoughts could be interchanged between countries."

Mitsunaga is in San Francisco as the first stop on a tour of America and Europe which he is making to study newspaper conditions. From San Francisco he will go to Los Angeles, Chicago, New York and Washington before leaving for London and Paris. He is accompanied by Yasuo Fuwa, his secretary.

The Nippon Dempo Tsushin Sha, of which Mitsunaga is the head, operates much on the same lines as the press associations of the United States and covers Japan, Korea, Manchuria, China and the orient as far as Singapore.

Mitsunaga also is head of the Far Eastern newspaper conference, composed of 370 newspapers published in the orient.

Troubled With Bees? Here's Hint For You

SAN JOSE—"If you are having trouble with your bees, call an expert who understands apiaries," is the motto which Detective Charles Hertell intends to display in a prominent place hereafter.

A hurry call was sent in for Hertell to come and disperse a swarm of bees which had alighted on a potted plant in front of the T. & D. theatre.

Being sworn to do his duty, the detective went post haste to the scene, taking with him his friend, Val Humburg. Hertell didn't know just how to apprehend a bee, but at last decided to be "hard boiled" with them. Taking a box which the manager of the theatre volunteered, he tried to leap upon the swarm, and take them all into custody at one fell swoop.

The result was not gratifying. The bees escaped from the detective's custody, and immediately began a counter attack upon him and Humburg. The detective decided he should have tried "gumshoeing" with them a little more. Having "booted the game," he finally located and called up Patrick Keaton, veteran bee man, who came with a hive. The swollen faces of the detective and his friend seemed only to irritate the bees. Keaton asked them to retire. They did so, and in a few minutes Keaton had the swarm all safely inside the hive, without having received a single sting.

FREE DISTRIBUTION OF U. S. PROPERTY CALLED CRIME

Drive To Get U. S. Trucks
Has Gone Far Enough,
Declares Senator

By L. C. MARTIN
United Press Staff Correspondent
WASHINGTON—When the war was won, so many American cities and villages wanted captured German cannon and machine guns that it looked as though Uncle Sam would have to order a lot of them from the Krupps to give away. It now develops that this demand for souvenirs was paralleled by a demand for more practical things, which has "bankrupted" the war department in one item, and has bitten deeply into its supplies in other ways.

Motor vehicles, trucks mostly, lead the list. The free distribution of these to the states is a "scandal," Senator Wadsworth, chairman of the senate military affairs committee declares.

Appetite Is Aroused

"I may be utterly alone in my opinion," Wadsworth said, "but this debauch of the free distribution of government property has gone far enough. I can well understand the appetite that is aroused in a state highway commissioner when he understands that the war department owns a lot of trucks and that there is a law authorizing the secretary of war to turn those trucks over to the agricultural department, free of charge, to be given to the states."

"The drive for these trucks has ramifications all over the country. All they have to do is 'press the button' and the people interested in the building of roads write and wire asking that the war department be directed to turn over trucks."

Short Motor Trucks

As a result, Wadsworth said, the war department is short in motor trucks required for its own peace time uses 1505 truck and 487 passenger cars and has some 4000 automobiles on hand that wouldn't run and can't be sold for anything but junk.

The motor truck "pork barrel" has yielded the states 26,423 trucks and spare parts valued at \$7,271,735, Wadsworth says. The allocations by states range from 39 to Delaware, up to 1647 to Pennsylvania. New York state got 1024; Ohio, 620, and other states from 100 to 800 trucks apiece. Only a few states have failed to get some trucks, Wadsworth's list shows.

Some of them not only got motor trucks, he says, but canned goods from army stores left after the war and other supplies.

Five Brothers Meet First Time 50 Years

BROOKFIELD, Mo.—A reunion of five brothers, veterans of the Civil war, is being held in Brookfield. They are members of the Martin family.

Col. George W. Martin and J. V. Martin, editors of the Gazette of this city; Absalom Martin of Cincinnati; Thomas Martin of Sardis, Ohio, and Wilson B. Martin of Parsons, W. Va., are together for the first time in fifty years or since the death of their mother.

The family came from Ohio. The father, Wilson Martin, built the first house in Sardis, and one son was the first white child born there.

Col. Martin, the eldest brother, is 82 years of age; the youngest brother is 62.

Few examples of self-restraint are more interesting than a high-tempered man playing cards after he has teased a poor player to be his partner.

May Be Good Officer, But Bad Poker Player

ALBANY, N. Y.—Sheriff John Seely Jr., may or may not be a good sheriff; that question is being argued by his friends and enemies at a hearing before the state prisons commission.

Both his friends and enemies, however, are inclined to admit that he isn't a good poker player.

Among the testimony produced before the commission was the statement that Herbert Craig, a discharged prisoner, had been paid \$50 by Seely in settlement of a poker debt. The sheriff is alleged to have played a "high and wide" poker game with the ex-prisoner while the latter was an inmate in the county jail, with the result that the sheriff came off decidedly second best. That the prisoner was also favored in other ways besides in hard cash was alleged when charges were brought that Seely took Craig with him on several automobile trips to Philadelphia and Syracuse.

Age cannot associate with youth if it patronizes it.

SAYS MUSIC IS NOW FORCE IN LIVES OF AMERICANS

No Longer Adjunct, Declares
Woman, National Chairman
General Federation

SALT LAKE CITY—Music has become a force, and not an adjunct, in the life of every American citizen, Anna Faulkner Oberndorfer of Chicago, national music chairman of the General Federation of Women's Clubs, declared in an address here.

"We Americans have had the wrong attitude regarding music for so long that it is difficult for us to grasp quickly the full realization of its power," she said. "As a nation we have treated music as a thing apart from, instead of a part of, our daily life. It is not so many years ago that the average American business man was all but ashamed to acknowledge a love for music."

Change Has Come

"Now a change has come," she says. "If we review the pages of musical history we will find that the greatest growth in music always follows some great war. The pre-war status of music in America will never return."

Mrs. Oberndorfer urged daily music hours in the homes, during which the folk songs of America will be sung. Music memory contests should be started in every community by women's clubs, she declared.

The speaker declared many large industries, which started community sings for employees during war times, were forced to forbid the singing of jazz music in their factories.

"Jazz music," she said, "in its original form was used as accompaniment to the Voodoo ceremonies by which the uneducated and almost barbaric aroused all his vilest and most sensuous nature."

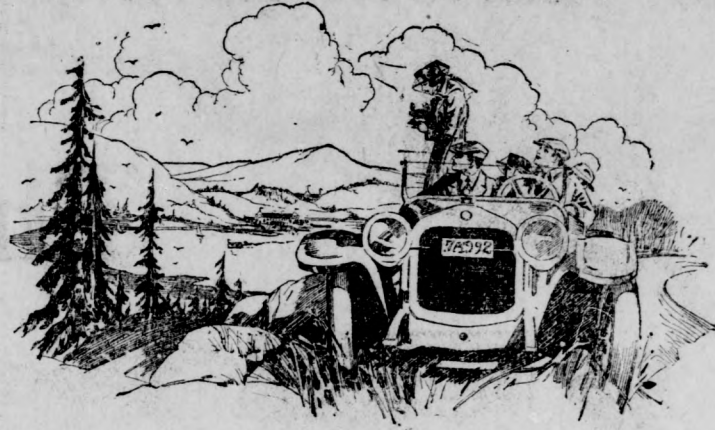

Conferences Being Urged

County conferences of women in every county in every state, at which community needs may be discussed, are being urged by the department of applied education of the federation. Mrs. John Dickinson Sherman of Chicago, chairman of the department, declared in an address.

Conferences will help women to see for themselves their own home and community needs and show them how these may be developed. Mrs. Sherman said: "Our program is based upon action, rather than theory, and actually functions in the lives of women of the communities."

One aim of the department, Mrs. Sherman added, is to so arouse public opinion to the need of education that a substantial public sentiment will be created for better schools and that the standard of rural schools will be raised so country children may have educational opportunities equivalent to those in the cities.

Human Head Mystery Clew Given Officials By Woman Minister

SACRAMENTO, July 1.—A mystery Japanese woman whose name is being withheld by the sheriff's office is being sought in connection with the finding of a human head in a valise in a canal near Elk Grove last week.

The human head found in the valise may be that of a Japanese woman who disappeared here four months ago, according to information given Sheriff Ellis Jones by Rev. Mary M. Bowen, pastor of the Japanese mission here.

The woman disappeared under unusual circumstances and surrounded by complete mystery, according to Rev. Bowen's statement. It is believed Sacramento Japanese will be implicated in the case.

A copy of a letter found in the valise with the head will be deciphered by a Japanese interpreter in an effort to aid the sheriff's office in throwing some light on the case.

Animal Chases Alleged Murderer Behind Bars

HUNTINGTON, W. Va.—A wild cat was responsible for the surrender of John Bradshaw, charged with the killing of a deputy sheriff of Cabel county, according to the story he told to the jailer.

Bradshaw said he made up his mind to give himself up Friday night when, as a fugitive in the mountains he was awakened by the howling of a "cat," which hissed a challenge to battle.

Bradshaw then beat a hasty retreat for the Cabel county jail, he said.

Chorus Girls Boxing To 'Improve Figures'

PARIS—In an effort to improve the "physical contours of chorus girls," Leon Volterra, the "sporting impresario," has inaugurated a series of female boxing bouts at the Casino de Paris.

The girls wear fencing masks over their faces in order to prevent them being given black eyes and puffed ears, but they freely take the blows to the body while the audience cheers and bets as it takes sides in the battles. Some of the battles go for five and six rounds.

The costumes worn are identical with the customary trunks worn by male boxers, with the exception of padded buffers suspended from the neck.

All front seats are sold for weeks in advance and principally to American tourists.

Bobbed Hair, Dolling Up, Cause Of Warning

HOULTON, Me.—A warning against un-American tendencies of school boys and girls was sounded by Superintendent Thomas Packard in an address to 400 students of the high school and upper grammar grade.

He called upon them to stop over-indulgence in dancing, "joy riding" in automobiles, attending too many moving picture shows and the tendency on the part of the girls in dolling up their faces and figures and bobbing their hair.

Superintendent Packard also urged the boys to see more of American life than loafing about street corners, smoking cigarettes, indulging in pool-room practices, dodging work and shunning responsibility.

Had \$20,000 In Bank, But Starved to Death

NEW YORK—Death from starvation, with \$40 in his pocket and \$20,000 in a bank, was the verdict of physicians as to cause of the death of Charles S. Mack, 70, in his room here.

John Barrett, who runs the boarding house where Mack made his home for the past eight months, told the police Mack had \$20,000 on deposit in a bank. The room in which he lived was littered with bread crusts, decayed fruit and vegetables, all he had eaten except when supplied with something substantial by his landlady.

Americans Will Be Super Race, Is Plan

WASHINGTON—Development of a "super race" in America through scientific mental and physical training under the guidance of the federal government, in co-operation with the state governments, is planned by the Harding administration.

The groundwork is being laid by Brigadier-General Charles E. Sawyer, the president's personal physician, who outlined the plan for the first time.

Lessons learned from the war are to be combined with entirely new ideas in producing happier and healthier citizens, both men and women, with a view to making the average American "the biggest, best and strongest citizen in the world whether measured physically or mentally."

The president is enthusiastic over General Sawyer's plans for "better men and women," as well as better babies. The rather startling prediction is made that the public will be improved 27 per cent in a single generation.

Naturalized Americans Being Held By Greece

PARIS—A score of naturalized Greek Americans have been held up by King Constantine's authorities at Patras, refused permission to return to the United States, and may be forced to enter the Greek army for operations against the Kemalists in Asia Minor.

The men have sent the following cablegram of protest to the state department at Washington:

"We protest against the action of the Greek authorities in submitting naturalized American citizens to gross indignities and mistreatment."

"They are disregarding our American passports and naturalization certificates and are forbidding our return to America, threatening to jail some of us and force others into the Greek army although we served in the American army."

"We appeal to America for protection and lawful aid."

It is reported that a number of American citizens already have been drafted into the Greek army and sent to Asia Minor for the imminent offensive. Several veterans of the American expeditionary forces are included.

During a long and busy life an enormous mass of detail about the likes and dislikes of people is imparted to you without any desire for it on your part.

MINUTES OF CITY TRUSTEES

The proceedings of the Board of City Trustees in session at the city hall last night, as taken from the official minutes compiled by J. C. Sherer, city clerk, are as follows:

The board assembled at 8 o'clock p. m. Present, Trustees Bartlett, Lapham, Robinson, Stephenson. Absent, Trustee Henry.

Minutes of the regular meeting of June 23, were read and approved.

Application of Earl Welch

The matter of the application of Earl Welch for permit to establish automobile parking grounds on East Palmer avenue was taken up and Attorney Owen C. Emery addressed the board in behalf of his client, the applicant. The city attorney stated that the city has no ordinance regulating this matter. The chairman of the board expressed the opinion that no permit is necessary, but the probability is that the incoming board of trustees will have an ordinance enacted regulating this subject. Petition ordered to be filed.

Sycamore Annexation District

A communication was read from P. S. McNutt in which the writer set forth his reasons why the board of trustees should immediately proceed to call an election to vote upon the question of the annexation of that district to the city of Glendale. Mr. Rhodes, secretary of the Chamber of Commerce, addressed the board in reference to this subject as did also Mr. Paratt, one of the signers of the petition, requesting that the election be called.

On motion of Trustee Lapham the city attorney was instructed to draft the proceedings for calling the election, by the following roll call: Ayes, Bartlett, Lapham, Robinson, Stephenson; noes, none; absent, Henry.

The city attorney expressed the opinion that while the description as contained in the petition is not necessarily faulty, yet in his opinion some slight change might be made as a measure of legal safety.

Complaint Against Lumber Yard

A communication was presented to the board, signed by W. S. Simmons and other residents in the neighborhood of North Geneva street, asking that certain piles of lumber on the property of the Salt Lake Railway company, North California street, be removed as being contrary to ordinance.

Accompanying this communication was a report from the city manager in the form of a letter to Mr. Simmons stating that the matter had been referred to the building superintendent, who reports that he has notified the lumber company that it has been acting without a permit as is required by the ordinance.

Permission to Use City Hall

Communication was read from G. W. Beraw, deputy registrar, asking for the use of sufficient space in the city hall, also in the city building at the corner of Los Feliz road and Brand boulevard two days per week for the registration of alien citizens. On motion the permit was granted.

Cancellation of Bill

A communication was read from M. Gannon asking that the trustees cancel a bill for damages presented to him by reason of a collision of his automobile with a lamp post. In view of the explanation of the matter given by Mr. Gannon, on motion of Trustee Robinson, it was ordered that charge against him be cancelled and communication ordered filed by the following roll call: Ayes, Bartlett, Lapham, Robinson, Stephenson; noes, none; absent, Henry.

Private Street Work

Applications for permit to do street work by private contract were presented from R. P. Finley and from Fish & Tarr, both being approved by the street superintendent, same were granted.

At this time James Connor appeared before the board and reported that at the election held on this day there had been forty-two votes cast in favor of Pacific avenue annexation to the city of Glendale, and thirteen votes against the proposition.

Report of City Recorder

The report of the city recorder for the month of June was presented and ordered to be filed, showing receipts of \$1320.50.

Kelman Electrical and Manufacturing company, \$840; alternate proposition, \$820.

Westinghouse Electrical and Manufacturing company, \$1,050; alternate proposition for different type, \$570.

Referred to the city manager.

Change of Grade

The clerk reported that no protests had been received against changing grade of Milford street and

Lexington drive, and no protestants present.

Compensating Election Officers

The city clerk called the attention of the board to the necessity for fixing the compensation of election officers at the election, June 28, 1921, and on motion of Trustee Robinson, it was ordered that they be paid the sum of \$10 each for their services.

Demands

The demands were referred to the finance committee. On motion of Trustee Robinson the demands were approved and warrants ordered to be issued in payment of the same by the following roll call: Ayes, Bartlett, Lapham, Robinson, Stephenson; noes, none; absent, Henry.

Dog Muzzling Rescinded

The city manager in a communication to the board stated that the city health officer expressed the opinion that it is no longer necessary to enforce the order compelling the muzzling of dogs and he further recommended that same be rescinded and on motion of Trustee Bartlett, it was so ordered.

Cancellation of Bills

The city manager recommended the cancellation of certain water and light bills as set forth in vouchers No. 814 and No. 880, and on motion the recommendation was adopted and cancellation of bills ordered by the following roll call: Ayes, Bartlett, Lapham, Robinson, Stephenson; noes, none; absent, Henry.

Lighting for National Guards

The city manager reported an application from Capt. Thomas D. Watson for the lighting of the National Guard headquarters at the expense of the city and recommended that favorable action be taken. On motion recommendation of the city manager was adopted and it was so ordered that lights be supplied as requested by the following roll call: Ayes, Bartlett, Lapham, Robinson, Stephenson; noes, none; absent, Henry.

Railroad Crossing at Gardena

In regard to the cost of improving Gardena avenue over Pacific Electric right-of-way, in a communication to the board the city manager reported that according to an estimate obtained from Pacific Railway company the cost of paving this intersection between the tracks for two feet either side thereof will be \$810. In addition to the paving there will be required 1900 square feet of 5-inch concrete paving, estimated to cost \$570, and other incidentals will make the total cost \$1380.

The Pacific Electric company proposes to grant the city an easement for street purposes over this crossing, providing the city take care of the expenses of paving. The city manager called the attention of the board to the fact that the board has directed the city attorney to petition the railroad commission for an order to be given the railroad company to open up thirteen additional crossings over Brand boulevard, total cost of the improvement of all of them based on the above estimate will be \$21,252.

Flagman Installed

The city manager reported that he had received notice from General Superintendent Whalen of the Southern Pacific Railway company to the effect that a flagman has been placed at the intersection of Brand boulevard and Southern Pacific Railway crossing, and will be stationed there between the hours of 7 a. m. and 11 p. m., until such time as an automatic mechanical protection device shall be installed. In the communication to the city manager Superintendent Whalen suggests that the expenses of maintaining this watchman be divided between the city of Glendale and the Railroad company, the matter to be decided by the railroad commission. In reference to this matter Jesse Smith addressed the board and expressed the opinion that it might be well for the city of Glendale to express to the railroad commission its objection to bearing any of this expense and on motion the city manager was instructed to write to the railroad commission stating that the city objected to the paying of the maintenance of a flagman at this crossing.

Work of Lot Cleaning

In a communication to the board the city manager requested that authority to employ labor and incur other expenses necessary to carry out orders of the board as set forth in Resolutions No. 1189, 1190 and 1200 in regard to lot cleaning. On motion of Trustee Lapham the city manager was authorized to proceed with the work as recommended by him, by the following roll call: Ayes, Bartlett, Lapham, Robinson, Stephenson; noes, none; absent, Henry.

Permit For Cesspool

The city manager reported the application of Howard Walker for permit to construct a cesspool in the parkway on Maryland avenue, 97 feet north of Broadway and recommended that same be granted, construction to be under the supervision of the street superintendent, and on motion it was so ordered.

The following resolution was adopted, all voting aye: "Resolved, That the board hereby finds and declares that the protests which have been filed with the city clerk against the opening and laying out of Garfield avenue from the easterly line of Mariposa street easterly to Adams street in the manner contemplated by ordinance of intention No. 440, passed

Several Propositions Before Gateway Club

The regular weekly meeting of the Glendale Gateway club took place on Thursday night at the branch library building on South Brand boulevard, with a fair sized and enthusiastic group of citizens in attendance. Due to a previous announcement that the gathering was to have been held on Wednesday night the session was, naturally, attended by a smaller number of members than ordinary.

Stuart street, who is president of the organization, had charge of the meeting, the purpose of which was to discuss several propositions of general interest to the residents of the southern section of the city. The principal question of the evening was that of the widening of Los Feliz road from Brand boulevard to San Fernando road, and also regarding the reaming of that thoroughfare from the Southern Pacific tracks to the river. This section is now known as Tropico avenue.

Both propositions were left to be thrashed out by the Los Feliz road committee, which is composed of the following: G. W. Todd, chairman; Charles Peckham, Mrs. A. Light, Mrs. A. L. Bancroft and Mrs. W. Gould.

"Miss Minerva's Baby," by Emma Speed Sampson. The third story in the delightful Miss Minerva series.

Meaning that the order issued May 12 by the board of city trustees, at the suggestion of the city health department, that all dogs within the city limits be muzzled or led by a chain is no longer in effect.

At the meeting of the trustees last night the order was suspended, following a communication from T. W. Watson, city manager. Here's his letter:

"In regard to your order of the 12th day of May prohibiting for a period of four months from such date all dogs within the city limits of Glendale from running at large unless such dogs be muzzled or led by chain or line:

"We are in receipt of report from health officer to the effect that no new cases of rabies have appeared for three weeks and requesting that your board suspend such order.

"I would therefore recommend that your order of May 12, last, be rescinded."

Lots to Be Cleaned

During last night's session of the trustees, resolutions were adopted ordering weeds and rank growth removed from vacant lots. Authorization was given T. W. Watson, city manager, to employ labor and incur other expense to carry out the order. The city manager's letter on the subject follows:

"Your board has acquired jurisdiction under Resolutions Nos. 1189, 1190 and 1200 to order all dirt, rubbish, weeds and rank growth to be removed from the lots and grounds therein described. Resolutions ordering this to be done have been prepared for your consideration and have been submitted to the city attorney for approval.

"Upon the adoption of these resolutions by your board we would respectfully request authorization to employ labor and incur other expense necessary to carry out such order. Subject to approval of your board we expect to begin the cleaning of lots the 5th of July.

"The lots described in these resolutions are mostly adjacent to improved property and the weeds and rank growth thereon constitute a fire menace."

Gets Cesspool Permit

On the following recommendation from the city manager, Howard Walker was granted permission by the trustees to construct a cesspool in the parkway on Maryland avenue north of Broadway:

"We have an application from Howard Walker for permission to construct cesspool in parkway on Maryland avenue about ninety-seven feet north of Broadway for the purpose of serving new building being constructed at northwest corner of Broadway and Maryland avenue. There seems to be no suitable location for this cesspool on the lots that the building is being constructed. I would therefore recommend that Mr. Walker's application be granted with the understanding that the cesspool be constructed under the supervision of the street superintendent."

F. H. Vesper Tells Of Trip Through Alaska

From far off Skagway, Alaska, comes word from F. H. Vesper, former head of the Glendale branches of the Los Angeles Trust and Savings bank that he and Mrs. Vesper and little Miss Lois Naudin, their granddaughter, are having a fine time on their trip to the land of Aurora Borealis.

In his message addressed to A. T. Cowan, publisher of The Glendale Evening News, Mr. Vesper says:

"We have seen lots of country—mostly snow covered mountains and water—and lots of it. Business is very dull. We will leave here Saturday for a two-weeks' trip on the Yukon river and Lake Atlin."

Since they left here a month ago, the Vesper party already has visited Juneau, the capital of the frozen north. According to plans they will spend another month touring the territory before returning to the states.

Four New Teachers In City Schools Elected

The Board of Trustees of the Glendale city schools met Tuesday night and elected four new teachers for the coming year. I. E. Mansell will be supervisor of Manual Training and Mrs. Carrie S. McLenon and Miss Jessie Thornton will be engaged as regular teachers. A committee representing the City Teachers' club presented a petition to the board asking that the salary schedule be raised to a minimum of \$1282.50 and a maximum of \$1710. The board agreed to give the desired raise on condition the supervisors would raise the tax to give the necessary funds.

REVEAL SECRET OF ENGAGEMENT BY CLEVER VERSE

Miss Ida Potter To Become
Bride Of Jesse Flower;
Friends Told At Party

(Continued From Page 1.)
Evans of Los Angeles, were declared by all present to be of such amusing wit and originality that one was turned in to the Glendale Evening News reporter. It reads as follows: "We hope you'll now be satisfied. To hear this knot is to be tied; So now your surplus time you'll spend Wandering and wondering and guessing 'when.'"

The home was beautifully decorated in the ever-popular red and white combination, this artistic color scheme being carried out with "carnations," roses and crepe paper. In the center of a table in the front room and placed on a mirror, was a miniature representation of a bride and groom, being made from little kewpies.

Following the luncheon the happy young people resumed their dancing until a late hour when they reluctantly departed for their various homes.

Those who took part in the pleasant occasion are as follows:

Misses Mary Slader and Joyce Dominy and Carl McFadden of Hollywood; Mr. and Mrs. Elmer Flower. Misses Anna Mae and Hazel Flower of Pasadena; Sadie Evans and William Gally of Los Angeles; Misses Laura Roberts, Leone Shattuck and Ella Dockter, Mr. and Mrs. Eldred Marlatt, Emil Kiefer, Frank Kiefer, John Stauffacher, Charles Potter and Ernest Lamorean of Glendale.

Writes Relative To Collection Of Garbage

The Evening News:—I am a comparative stranger in the city and such being the case I am naturally reluctant to register a kick against those who are now undertaking to run or manage the city. I am informed that the style of government we have is the commission form with a manager, and that lately they have voted themselves an increase in salary with no money in the treasury to take care of the garbage disposal. I was told this morning that the garbage could not be removed during the summer months as heretofore and in order to insure its removal I would be required to pay the sum of \$1 for three months, otherwise I would have to look after the disposal of it myself and could either burn or bury it.

It seems to me that the removal of garbage is a thing that vitally concerns the health of a city and should not be left in the hands of individuals and moreover it is one of the least of the services that a taxpayer has a right to expect from his city managers. I have resided in a good many places throughout the United States and have never yet experienced such a condition. Will The Evening News kindly inform the writer what a taxpayer is supposed to get for his money over and above those portions that go toward schools and other expenses peculiar to cities generally?

Another matter which appears to be mismanagement on the part of our city managers is the allowing of dirt and rubbish to accumulate in the alleys of the city from week to week and month to month and the driving of sprinkling wagons through said alleys to wet the filth and rubbish accumulations. Would it not be more sensible to cut out the expense of watering or sprinkling dirty alleys and apply that money to cleaning the alleys occasionally, or removing the garbage?

I am not opposed to municipal swimming pools and municipal garages, but let us first take care of the garbage and keep the streets and alleys clean, and incidentally fill up some of the chuck-holes in the street.
R. J. MCARTY,
417 North Kenwood.

Pays Compliment To Efficient Financing

Leon Shaw, state bank examiner for more than thirty-five years, and now engaged in business in Pasadena, says that he has been attending Christian Endeavor conventions for thirty years, and in all of that time he never knew of one that was handled so efficiently as was the Glendale meeting. He considers remarkable the fact that a city the size of Glendale could raise the necessary finances without resorting to subscriptions from the merchants.

The entire amount required was raised by the finance committee, under A. L. Baird, from the Chamber of Commerce, the city trustees, the refreshment booth, the pre-convention concert and personal pledges.

council, and as one of its members I pledge myself to give to Glendale a clean and honest administration.

Respectfully,
DWIGHT W. STEPHENSON.

Dwight W. Stephenson Expresses His Thanks For Friends' Support

The Evening News is in receipt of the following self-explanatory communication from Dwight W. Stephenson, member of the Board of City Trustees and elected to the new City Council:

Editor The Evening News:—Now that the smoke of battle is cleared away, I desire to convey to you my appreciation for the fairness in which your paper treated all candidates during the late municipal campaign, and through your paper desire to extend my sincere thanks to those citizens and organizations who supported me at the election.

I desire to especially thank my comrades of the late World War for their loyalty and support. I owe gratitude also to those who had charge of my campaign and I am satisfied that they conducted it in a clean and straightforward manner. I will do my duty as I see it, having made no pre-election pledges and being fettered to no faction.

I have no resentment against anyone and now that it is all over I want it all to be forgotten for the good of the city. My political enemies will be my friends if they will permit it.

I am sure the citizens of Glendale will rally to the support of the new

GRANTS PROTECTION TO TRAVEL OVER S. P. CROSSING

W. H. Whalen's Letter Is Read
At Meeting Of Board Of
Trustees Last Night

Stationing of a flagman at the Southern Pacific Railroad company's crossing over Brand boulevard, was discussed at the meeting of the Board of City Trustees last night, following the receipt of a communication from T. W. Watson, city manager.

Jesse Smith, one of the directors of the Chamber of Commerce, who was present, made the suggestion that the city manager write to W. H. Whalen and reach the understanding that the city of Glendale is not to stand any of the expense.

Dwight W. Stephenson, president of the board, declared the suggestion a good one and the trustees ordered it be carried out.

Communication Is Read

The communication from the city manager, containing a letter from Mr. Whalen, follows:

"In regard to stationing of a flagman at Southern Pacific crossing over Brand boulevard which was referred to us by your board June 2 to secure if possible immediate action thereon by the Southern Pacific company:

"We have received from W. H. Whalen, General Superintendent Los Angeles Division, letter under date of June 25, which was delivered personally by R. W. Gunn, assistant signal supervisor, as follows:

"Los Angeles, June 25, 1921.

"City of Glendale.

"Gentlemen:—Referring to recent correspondence and discussion concerning crossing protection at Brand boulevard, Glendale:

Immediate Protection

"I have decided to protect the situation immediately by the placing of crossing watchmen pending the installation of proper mechanical protection. Inasmuch as you are convinced that protection is necessary, and as it is, of course, impossible to provide mechanical protection without some delay incident to preparation of plans, raising of money and securing material, I am sure you will agree with me that it is proper to provide these watchmen, and I feel that it is properly the duty of the city of Glendale to join in the cost.

"I assume that proper distribution of expense will be allocated by the Railroad commission, and the action now taken on my part is not to be construed as assumption of expense on the part of the railroad company.

"Yours truly,

"W. H. WHALEN."

"Mr. Gunn further stated on behalf of Mr. Whalen that the flagman had been placed at this intersection Monday morning and that the hours would be from 7 a. m. to 11 p. m.

"As matters now stand the traffic at this crossing will be protected by flagmen until the installation of automatic mechanical protection device as ordered by Railroad commission and the expense of maintaining the watchmen as between the city of Glendale and Southern Pacific company will be distributed by the Railroad commission.

"On behalf of your board we have acknowledged receipt of Mr. Whalen's letter thanking him for his prompt and favorable action upon your request for temporary protection at this intersection."

Patriotic Services, Presbyterian Church

A patriotic and musical service in observance of the Fourth will be given Sunday night at the First Presbyterian church, Broadway and Cedar street, under the direction of the Rev. W. E. Edmonds and Mrs. Fannie Marple Retts, the latter having charge of the musical program.

In addition to an attractive program, especially arranged for the occasion, a unique feature of the service will be a "True Story of the War," dealing with the adventures of a young soldier in France who lost his life in the great conflict. The story will be told by Dr. Edmonds while Mrs. Retts will render the musical interpretations of the theme, "Does Jesus Care."

Miss Esther Gleiss, a prominent musician of Los Angeles, will render a violin solo.

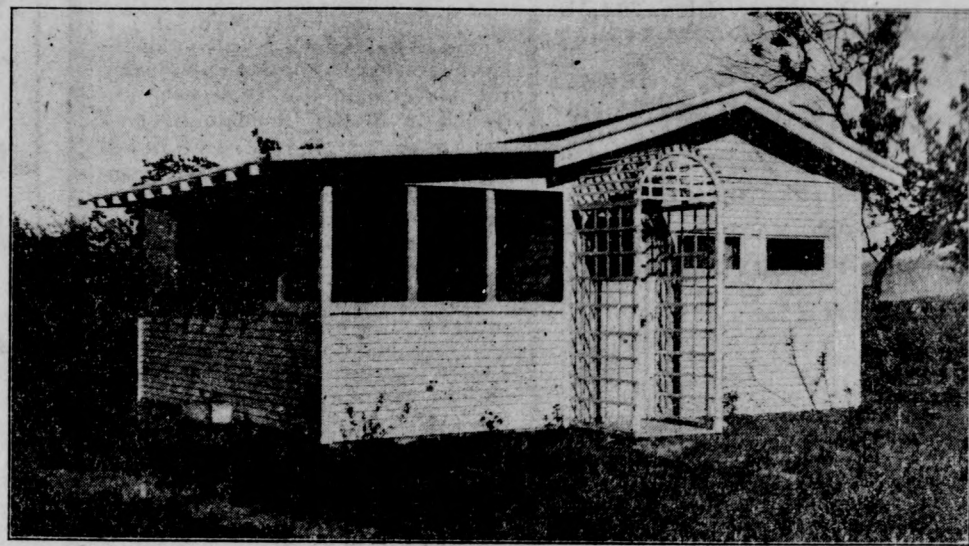

G. G. Budwig Drives L. C. Brand Aircraft

G. G. Budwig, whom most Glendale people have noticed flying about in a lofty manner in one of L. C. Brand's aeroplanes the last few weeks, will take passengers for short flights at Burbank during that city's celebration July 2, 3 and 4, for the benefit of the American Legion. Mr. Budwig is a Glendale man. He has a pretty home at 890 North Central avenue and has been flying since 1913, so is a safe and sane old-timer in the business. He says he will take up two passengers at once and says that his motto is "safety first."

COMES FROM LOUISVILLE
Frank H. Godar of Louisville, Ky., arrives in Glendale this afternoon to join his family who have been residing at 1003 East California avenue for the past year. Mr. Godar is a wood engraver.

G. O. Piercey Greets Cousin, Visitor Here

G. O. Piercey, book-keeper of The Glendale Evening News, was the recipient of an exceptionally pleasant and agreeable surprise yesterday afternoon when his cousin, Henry A. Rhodes, whom he hadn't seen in twenty years, suddenly made his appearance.

While working at his desk, Mr. Piercey was unexpectedly interrupted by someone tapping on one of his books. Upon glancing up from his work his eyes caught the gaze of the "intruder," and for a few moments both men were motionless.

Then the identity of his visitor slowly dawned upon the unsuspecting Mr. Piercey, and the two former boyhood playmates enjoyed a half hour of discussing "the good old days." The last meeting of the two cousins took place at a family reunion held in Nebraska in 1901.

Mr. Rhodes, who with his wife and son is enjoying a three weeks' tour of the western states. He is manager of a large department store in Omaha and has recently attended the annual convention of the National Credit Men's association, which was held in San Francisco last week.

Select Yosemite Park For Their Vacation

Mr. and Mrs. B. F. Cook of Cook's confectionery, 128 South Brand boulevard, and Mr. and Mrs. Alfred Land, the former of the Ford agency, leave Glendale Saturday afternoon in the Cooks Nash car for Yosemite National park. After touring through that beauty spot, they will go on to Mono lake and over Tioga pass to Lake Tahoe and emerge from the mountains via Truckee. A day or two in San Francisco will conclude two weeks of pleasure, according to their plans.

A. L. Baird Reports Sale Of Brand Corner

A. L. Baird, real estate and insurance manager of the Roy L. Kent company, reports the sale of the southwest corner of Brand boulevard and Maple avenue. This property formerly belonged to A. D. Cass, president of the Southern California Telephone company, and it is the intention of the new owner to subdivide it into business lots. While the purchase price is not mentioned, it is said to run well into five figures.

Mrs. Gnaggs — "Lots of women wish they could have been born men." Mr. Gnaggs—"And lots of men wish they could have their wish."

Musical Comedians As Vaudeville's Feature

One of the greatest acts that ever played the Pantages circuit headlines the Meikiejohn and Dunn vaudeville at the Glendale Theatre Saturday matinee and night. De Michele Brothers, known as "the musical comedians," will present "You're Flat" and is one continuous laugh.

Coleman Goetz, another Pantages attraction also is on the program. Mr. Goetz is known as America's youngest song writer. He will sing with Harry Cantor at the piano.

Three clever girls appear in the singing, dancing and comedy revue set forth in "The Follies of 1921." This is an act that never fails to please.

Barber and Corio—two newboys who have made such a tremendous hit in other coast cities, also are being brought to Glendale.

A special matinee will be given at 2:30 tomorrow afternoon and there will be no raise in prices. The special feature is "The Smart Sex," starring Eva Novak,—a tale of a beautiful, stranded show girl. All she had was a trained goose, but it laid golden eggs.

Richardson D. White Goes To Convention

Richardson D. White, superintendent of Glendale city schools, leaves today for Des Moines, Iowa, where he will represent the Glendale City Teachers' club at the fifty-ninth annual meeting of the National Educational association.

Mr. White will make an extended visit in various cities before his return home in August. He expects to stop at Chicago, St. Louis, Kansas City, Salt Lake and San Francisco. During his absence Mrs. White and her daughter Helen will spend some time at different beaches.

Henry T. Anderson Is Home From Hospital

Henry T. Anderson, who has resided at 247 North Orange street for the past ten years, returned Wednesday from a Burbank hospital, where he has been confined for four weeks. After undergoing a serious operation Mr. Anderson was rendered in such a weak condition that it was impossible for him to return to his home. He is now greatly improved, however, much to the satisfaction of his scores of local friends.

"Don't be a wet blanket," advises the Cynical Bachelor, "unless you happen to be married and run into an old flame."

Mrs. Fannie L. Brown Leaves For Convention

Mrs. Fannie L. Brown, mother of Howard L. Brown of 406 North Maryland avenue, left Los Angeles this morning on the "convention limited" for New York, where she will attend the national Christian Endeavor convention as a Glendale delegate.

Following the convention which takes place July 6-12, inclusive, Mrs. Brown will leave New York for England, where she will visit her eldest son, W. N. Brown. She will probably return to her home in this city in December of this year.
